JCC PAYMENT SYSTEMS

Service Timeout: 04:56

7. The message below will appear on your screen to confirm that the amount has been **on hold**.

Amount for domain name registration is on hold

An email has been sent to the domain contacts specified in order to confirm their role assignment in the domain management.

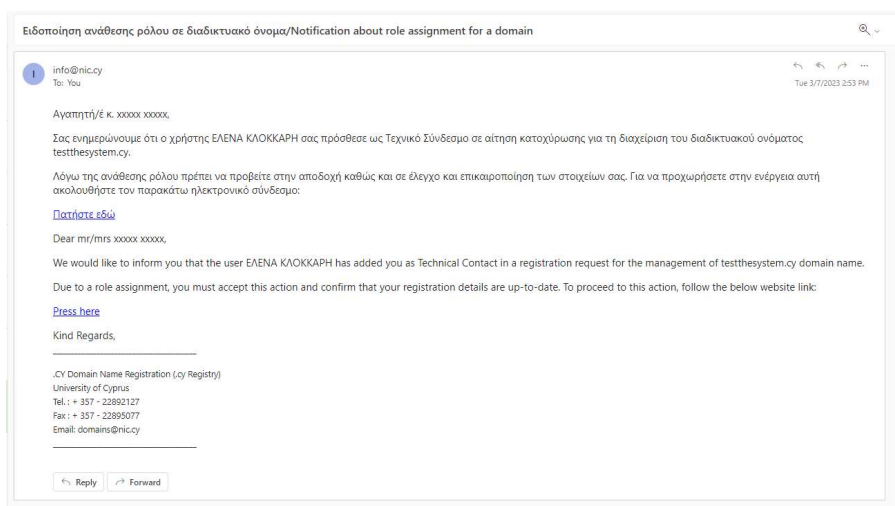

Non registered users must be registered first and then confirm their role assignment, whereas registered users will have the option to update their personal details prior to confirming their role assignment.

Up and until the role assignment procedure is completed, you will be able to view your application/request in "Saved applications" with status "Pending Contacts Role acceptance".

Your application/request will be submitted for evaluation only when all contacts confirm their role assignment.

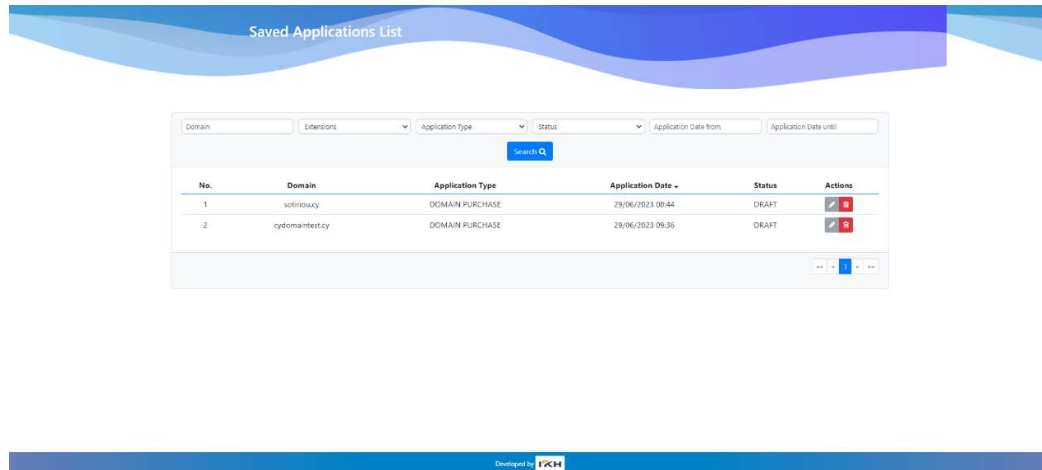

[Continue to homepage](#)

8. The email below will be sent only to the domain contacts from whom the system needs to confirm their role acceptance.

When contacts accept their role, the application/request will be submitted into the system for evaluation by Registry .cy

Important note: If for any reason, the registration fee could not be put on hold (in user's credit card account), the application/request will not be submitted but it will be saved in user's account under "Saved Applications List"

To complete the process for your application/request submission, you must again follow the process for domain registration. Press the grey pencil under the "Actions" column for editing your application and repeat steps 3-8.
